

Early Placement for Pleasure Ridge Park Visual Art Majors:

Thank you for your interest in the Visual Art Program. There are two strands in our Visual Art School of Study. We offer a traditional college prep program which is a comprehensive and sequential program, designed to prepare the student for post-secondary art areas, college or career related. We also offer a 3D art program for the student who is primarily interested in ceramics and sculpture. To audition for *Art I*, please complete this form and prepare the following drawings. Return to me by January 15. You will be informed of placement in *Art I*. To begin the 3D program, list *Basic Design, part b* on your schedule.

Email -

Describe any Art class you have had.

Project 1: Contour Drawing, in pencil – Select several items from a kitchen drawer or closet, or refrigerator. Place these objects of varying sizes and shapes on a table. Some of the items may be in front of or on top of other objects. On an 8x10 piece of paper, draw a careful line drawing of your objects. Pay attention to the outlines and the inside lines. Draw only what you see.

Project 2: Value Drawing, in pencil – While standing in front of a mirror, draw a picture of yourself on an 8x10 piece of paper. Shade the drawing to show the lights and darks (value).

Please mail these drawings and the completed application to:

PRP High School
Cheryl Wilhoit
5901 Greenwood Rd.
Louisville, KY 40258

Thank you!
