RULES, LIABILITY WAIVER AND CONSENT AND RELEASE**

As parent/legal guardian, I agree to allow my child to participate in interscholastic athletics.

The student and parent/legal guardian recognize that participation in interscholastic athletics involves some inherent risks for potentially severe injuries, including but not limited to death, serious neck, head and spinal injuries which may result in complete or partial paralysis, brain damage, serious injury to virtually all internal organs, serious injury to virtually all bones, joints, ligaments, muscles, tendons, and other aspects of the muscular skeletal system, and serious injury or impairment to other aspects of the body, or effects to the general health and well being of the child. Because of these inherent risks, the student and parent/legal guardian recognize the importance of the student obeying the coaches' instructions regarding playing techniques, training and other team rules. By signing this form, the student and parent/legal guardian acknowledge that the student's participation is wholly voluntary and to having read and understood this provision.

The student and parent/legal guardian individually and on behalf of the student, hereby irrevocably, and unconditionally release, acquit, and forever discharge the KHSAA and its officers, agents, attorneys, representatives and employees (collectively, the "Releasees") from any and all losses, claims, demands, actions and causes of action, obligations, damages, and costs or expenses of any nature (including attorney's fees) that the student and/or parent/legal guardian incur or sustain to person, property or both, which arise out of, result from, occur during or are otherwise connected with the student's participation in interscholastic athletics if due to the ordinary negligence of the Releasees.

The student and parent/legal guardian acknowledge that they have read and understood the KHSAA Bylaws by distribution at <http://khsaa.org/handbook/>. Please be aware that a student is subject to the one-year period of ineligibility the bylaw commonly referred to as the "Transfer Rule," upon participation in any varsity contest regardless of the amount of participation or lack thereof.

The student and parent/legal guardian further acknowledge that they agree to abide by the rulings of the Commissioner, Assistant Commissioner, Hearing Officer and Board of Control.

The student and parent/legal guardian acknowledge that the student must have medical insurance coverage up to a limit of \$25,000 in order to be eligible to participate in interscholastic athletics.

The student and parent/legal guardian, individually and on behalf of this student, give the high school, the KHSAA and their representatives permission to release this student's demographic information (including motion picture and still photographic images) and participation statistics (including height, weight and year in school, participation history and other performance based statistics) and other information as may be requested, and agree that the student may be photographed or otherwise digitally or electronically captured during school-based competition. All of this material may be used without permission or compensation specifically related to the KHSAA and its events.

The student and parent/legal guardian consent to this student receiving a physical examination as required by the KHSAA.

The student and parent/legal guardian, individually and on behalf of this student, consent to the high school and the KHSAA and their representatives to use and disclose the necessary personally identifiable information from the student's education records including academic, financial and health care information, to third parties including school representatives, coaches, athletic trainers, medical facilities, medical staffs, KHSAA legal counsel and the media, for the purpose of receiving proper/necessary medical care and complying with the KHSAA bylaws, including making determinations regarding eligibility to participate in interscholastic athletics and any administrative or legal proceedings resulting from participation or attempted participation in interscholastic athletics, without such disclosure constituting a violation of rights under the Family Educational Rights and Privacy Act. The student and parent/legal guardian, individually and on behalf of this student, further release the high school, the KHSAA and their representatives from any and all claims arising out of the use and disclosure of said necessary personally identifiable information, and agree to release to the high school, the KHSAA, and their representatives, upon request, the detailed and completed application for financial aid.

Recommendations \_\_\_\_\_

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).

Parent/Guardian Student-Athlete Concussion Statement 2.0

\_\_\_ I understand that it is my responsibility to report all injuries and illnesses to my coach, athletic director, athletic trainer and team doctor.

\_\_\_ I have read and understand the Norton Sports Health Concussion Fact Sheet. After reading the sheet, I am aware of the following information:

Parent/Guardian Initial Each Line

\_\_\_ A concussion is a brain injury, which I am responsible for reporting to my coach, trainer, or athletic director.

\_\_\_ A concussion can affect my (child's) ability to perform everyday activities, and affect reaction time, balance, sleep, and classroom performance.

\_\_\_ You cannot see a concussion, but you might notice some of the symptoms right away. Other symptoms can show up hours or days after the injury.

\_\_\_ If I suspect a teammate or other student has a concussion, I am responsible for reporting the injury to my coach, team physician, trainer or athletic director.

\_\_\_ I (My child) will not return to play in a game or practice if I have received a blow to the head or body that results in concussion-related symptoms.

\_\_\_ Following a concussion, the brain needs time to heal. You (your child) are much more likely to have a repeat concussion if you return to play before your symptoms resolve.

\_\_\_ In rare cases, repeat concussions can cause permanent brain damage, and even death.
