Our Vision Statement

MDA is a safe and caring community where all stakeholders are valued and work together to grow socially, academically, and professionally.

Our Mission Statement

To bring this vision into reality, all members of our community: We will collaborate with students, families and other stakeholders to communicate academic and social progress and celebrate growth toward future success.

We value:

*Respect
Commitment
Responsibility
Caring*

*Accountability
Safety
Cooperation
Collaboration*

*Motivation
Integrity
Honesty
Ownership*

Why we exist

Minor Daniels Academy exist to create an academically rigorous, therapeutically supportive, and character education centered learning environment for “at-risk” students in grades sixth through twelve to improve academic achievement and facilitate behavior transformation. Our program services students who are “at-risk” of dropping out of school because of issues that led to their suspension or expulsion from their regular/traditional school.
