

JCPSNet Student Acceptable Use Policy

Jefferson County Public Schools (JCPS) offers students access to electronic information through a service called JCPSNet. Along with this access to computers and to people all over the world comes the availability of materials that may not be considered appropriate for use in the classroom. Because it is impossible to control all materials available through the global network, school staff and parents/guardians of minors are ultimately responsible for setting and conveying the standards that students should follow when using these information resources. JCPS supports each family's right to decide whether or not to allow their child to have access.

Access is a privilege, not a right.

Students are responsible for appropriate behavior when using JCPS-Net, just as they are in classrooms and school hallways. Therefore, general school rules for behavior apply. Access to network services is offered to students who agree to act in a considerate and responsible manner, and parent permission is required. Based upon the acceptable use guidelines outlined in this document, the system administrators will deem what is inappropriate use, and their decisions are final. The administration and staff may revoke or suspend user access when these terms are violated.

Students will:

- complete JCPS provided email training for those seeking an account;
- use the network for educational purposes such as conducting research for assignments consistent with the JCPS academic expectations; and
- use appropriate language, avoiding swearing, vulgarities, or abusive language.

Students will NOT:

- transmit or receive materials in violation of federal or state laws or regulations pertaining to copyrighted, threatening or obscene materials, including sexually explicit materials;
- use JCPSNet for personal or commercial activities, product promotion, political lobbying, or illegal activities;
- break into/attempt to break into another computer network;
- damage/attempt to damage, move, or remove software, hardware or files;
- use unauthorized multi-user games;
- send or forward chain letters;
- use unauthorized software products (such as PointCast) which adversely affect network performance;
- create or share computer viruses;
- share access to their JCPSNet account, or use another person's account;
- maliciously attempt to harm or destroy data of another user; or,
- use network resources to otherwise violate the JCPS Student Code of Conduct.
- use network resources to disrupt the efficient operation and/or educational programs of the Jefferson County Public Schools.

JCPSNet communications are not private, and may be reviewed by JCPS personnel, or by someone appointed by them, to ensure that all guidelines are followed. Violation of the terms listed above will result in a loss of access to JCPSNet, and may result in other disciplinary action under the guidelines of the JCPS Uniform Code of Student Conduct. Use of public property for personal gain is a felony. Violators or parents of student violators may be subject to prosecution.

JCPSNet Student Acceptable Use Policy User Agreement Form

Please complete this section to indicate that you agree with the terms and conditions outlined in the JCPSNet Student Acceptable Use Policy. Return this portion to your child's school, where a copy will remain on file. The signatures of both the student and parent/guardian are required before access to JCPSNet services is granted .

As a student of the Jefferson County Public Schools and as a user of the district computer network, I have read and hereby agree to comply with the JCPSNet Acceptable Use Policy.

Student Signature: _____ Student Name (please print): _____

School: _____ Date: _____

As parent/legal guardian of this student, I grant permission for my child to access the Internet and electronic mail through JCPSNet, and accept responsibility for conveying to my child the standards outlined above for use of JCPSNet.

Parent/Guardian Signature: _____ Parent/Guardian Name (please print): _____
