Chromebook Requests

Beginning Monday, August 10 at 9:00am, families can request a device or an internet hotspot by visiting the JCPS website and filling out a request form. Families will need to put in their email address or phone number that matches district records, and answer a few questions. Also starting Monday, families without internet access and the ability to submit online request forms can contact their child's school or the JCPS call center at 313-HELP(4357).
